CHAPTER II - MISSION, ORGANIZATION, AND COMMAND RELATIONSHIPS

1. MISSION. The mission of the USAFSSA was twofold:

a. The administration and Operation of the field station to include personnel, installation, and facilities as directed by Commander, INSCOM.

b. The accomplishment of the operational mission [REDACTED]
[REDACTED]

2. ORGANIZATION/COMMAND RELATIONSHIPS.

a. The staff of the field station was organized to provide maximum support to the Commander in the accomplishment of his assigned mission. The structure was unique in that the operational mission was performed by a consolidated Army/Air Force element administered through separate service channels but operationally integrated in accordance with a Memorandum of Understanding (MOU) (Appendix E) signed by the Commanding General INSCOM and the Commanding General USAFESC. The Air Force unit which operated jointly with the USAFSSA was the 6993d Electronic Security Squadron (ESS). In accordance with the MOU, the Commander, 6993d ESS was the Chief of the Consolidated Security Operations Center (CSOC) and was responsible for the overall operation of the CSOC, to include control of the facilities at the operations location and establishment of common policy matters affecting operations. Also, under the provisions of the MOU, the Commander, USAFSSA, acted as Deputy Chief of the CSOC. Administration of Army and Air Force personnel was the responsibility of the Commander, USAFSSA, and Commander, 6993rd respectively.

b. The USAFSSA was a subordinate unit of the USAINSCOM CONUS MI Group, Headquarters at Fort George G. Meade, Maryland.

e. Updated and reissued hand receipts for all unit furniture and equipment due to change of command.

f. A 100% property book inventory was conducted by CW2 Eichhorn, Property Book Officer.

5. SECURITY (u)

a. USAFS San Antonio continued to receive SCI billet administrative support from the Special Security Detachment, Fort Sam Houston under the Memorandum of Agreement, dated 05 March 1986, attached as Appendix A. Additionally, Special Security Representative (SSR) authority for indoctrinations and debriefs of personnel was delegated to the USAFS San Antonio, S2 by SSO, Fort Sam Houston, TX effective 16 December 1985.

b. Of the 3 cases pending S2 action from FY85: (Recap: 1 pending adjudication by CCF, 1 pending further investigation by DIS, and 1 pending rebuttal package from the soldier to be forwarded to CCF) all are still active and will be carried forward into FY87.

c. At the end of FY86 a total of 9 cases will be carried forward into FY87: (Recap: 5 pending CCF adjudication, 2 pending further investigation by DIS, and 2 pending completion of initial SBIs).

6. PUBLIC AFFAIRS/SIGNIFICANT EVENTS *let*

a. (u) The field station newspaper "The Alamo Wrangler" which was a monthly publication in FY85 went to semi annual and then to quarterly publication. b.(u)Forty Alamo soldiers qualified for the INSCOM PT patches after the April 1986 APRT. The following P.T. awards were made on 30 September 1986: 15 Gold, 11 SILVER and 14 BRONZE; A USAFS San Antonio Certificate of Achievement accompanied each award.

c.(u)In October 1985 SP4 Richard Anderson was named INSCOM Journalist of the Year. After his PCS to the 10th Special Forces Group at Fort Devens, MA, he was replaced as editor of the Wrangler by SP4 Craig T. Austin. SP4 Austin departed for SMP ROTC in July 1986 and was replaced by SP4 William T. Cissell. SP4 Jill Hereford replaced SP4 Cissell after the two of them collaborated on the August 1986 edition of the WRANGLER.

d.(u)On Saturday, 12 April 1986, 10 members of the field station participated in the CAMP (Children's Association for Maximum Potential) Jog-A-Thon. The runners raised \$600.00 to help with the cost of a special summer camp for handicapped children which is held annually at Camp La Junta in Kerrville, Texas.

e.(u)A staff study, attached as Appendix K, was conducted on the feasibility of transferring SSO responsibilities from SSO Fort Sam Houston to Headquarters, Electronic Security Command. As of 1 Oct 86, coordination was underway between Special Security Group Headquarters and the United States Air Force to make the transfer. The S2 also established accounts with the Defense Intelligence Agency (effective 2 September 1986) and the Defense Mapping Agency (effective 7 February 1986).

f.(u)A BTMS-based Certification Program was initiated at the field station. This program insured that all personnel who performed like jobs at Field Station San Antonio received standardized training. All training was conducted "hands-on" and was verified by the soldier's supervisor. Feedback on certification training was provided during the monthly training meetings. This was a self-sustaining program, portions of which could be selectively updated without rewriting the entire program.

~~CONFIDENTIAL~~

g.(C) Formal classroom training for [REDACTED] was implemented this past year. Instruction was conducted in two-hour blocks twice each week. The goal of the program was to bring all field station [REDACTED] up to Army Proficiency Standard of at least [REDACTED] was administered at Lackland AFB instead of Fort Sam Houston. This saved our soldiers approximately one hour driving time on test dates and test results were returned to us the same day vice the 30 days it took through distribution from Fort Sam Houston.

g.(u) All physical training was conducted in accordance with the Master Fitness Training Program.

7. PROBLEMS/SOLUTIONS (u)

At the beginning of the fiscal year finance paperwork problems were experienced by many incoming soldiers. The solution was for the Resource Management NCO to train at Ft. Sam Houston Finance Office for one month. This gave the unit finance representative a good understanding of finance procedures used at Ft. Sam Houston and provided him with contacts to help him successfully solve finance problems for soldiers from the field station.

BIOGRAPHY

LIEUTENANT COLONEL BRIAN C. WARREN

Lieutenant Colonel Brian C. Warren was born in Brunswick, Maine on 24 July 1944. He graduated from Bowdoin college with a Liberal Arts degree in music in June 1966. In May 1967, he enlisted in the army and was commissioned through Artillery Officer Candidate School under the College Option Program. His first assignment was the Continental Intelligence Command at Ft. Bragg, North Carolina. LTC Warren served in the Republic of Vietnam as Assistant G-2 Air and Imagery Interpretation Officer, 4th Military Intelligence Detachment, 4th Infantry Division, from June 1968 to June 1969. Upon return, he was assigned to the Fort Holabird Maryland Imagery Interpretation Center as the Chief, Operations Branch, Training Division. In July 1970, he commanded the Headquarters Company, US Army Intelligence Command followed by staff assignments in that command. In July 1972, he attended the Military Intelligence Officer Advanced Course, and stayed on at Fort Huachuca in various instructor positions within the reconnaissance and surveillance Branch, Department of Aerial Surveillance. In July 1976, he was assigned to the 25th Infantry Division as S-2, 1st Battalion, 5th Infantry followed by assignment as Assistant G-2, Operations. In August 1978, he became commander of the 25th Military Intelligence Company (CBTI). During this same period he completed his Master of Arts degree in Business Administration, specializing in Personnel Management, from the University of Northern Colorado. In November 1979, he was assigned as the OIC of project Hippodrome at Field Station Sinop, Turkey and later as the S-3. After attending the Command and General Staff Officer Course, Fort Leavenworth, Kansas, where he was an honor graduate, he was assigned to the Intelligence School at Fort Devens in June 1982, as the Chief of the Professional Development Division, Electronic Warfare, Cryptologic and Security Department. In June 1983, he assumed command of the US Army Intelligence Training Battalion, Goodfellow Air Force Base, Texas. His awards include the Bronze Star, the Meritorious Service Medal (4 OLC), the Air Medal (4 OLC), The Army Commendation Medal (1 OCL), and the Army Achievement Medal. LTC Warren is married to Gayle McCormick. They have one son and two daughters.

MEMORANDUM OF UNDERSTANDING BETWEEN UNITED STATES AIR FORCE ELECTRONIC SECURITY
COMMAND (ESC) AND UNITED STATES ARMY INTELLIGENCE AND SECURITY COMMAND
(USAINSCOM) CONCERNING THE OPERATION AND SUPPORT OF A CONSOLIDATED
SECURITY OPERATIONS CENTER (CSOC) AT SAN ANTONIO, TEXAS

I. PURPOSE. (S)

The purpose of this memorandum is to set forth principles for the organization, management and support of the [REDACTED] at the CSOC.

II. BACKGROUND. (S)

All cryptologic activities at CSOC San Antonio, Texas, are under the operational and technical control [REDACTED]

[REDACTED] ESC/USAINSCOM command relationships for this consolidated operation are set forth in this interservice Memorandum of Understanding.

III. GOVERNING POLICY. (S)

It is agreed by and between the Commander, ESC, and the Commander, USAINSCOM, that both Service Cryptologic Elements (SCE) will participate in a consolidated cryptologic effort, operate under coordinated and mutually agreed upon organization principles, and adhere [REDACTED] Supplementary or amplifying operating procedures will be issued by the CSOC Director of Operations. In those instances where directives and regulations issued by the signatories to this MOU are in contradiction with the terms of the MOU, that fact will be brought to the attention of ESC and INSCOM and will be appropriately negotiated.

IV. COMMAND RELATIONSHIPS. (S)

1. Composition and Command.

a. [REDACTED] Activities at CSOC will be performed by a consolidated Air Force/Army element, administered through separate service command channels, but operationally integrated. The Air Force unit will be the 6993 Electronic Security Squadron; the Army unit will be the US Army Field Station, San Antonio. The Commander of the 6993 Electronic Security Squadron, as the Chief of CSOC, is responsible for the overall operation of the consolidated center, to include control of facilities at the operating location and establishment of common policy on matters affecting CSOC. The Commander, US Army Field Station, San Antonio, will act as the Deputy Chief. Depending upon seniority, either the Chief, CSOC or the Deputy Chief, CSOC will render evaluation reports on the Director of Operations, with the more senior serving as Intermediate Rater (if appropriate). When the Director of Operations is senior to the Chief, CSOC, his rating officer will be the Commander, US Army Field Station, San Antonio (Deputy Chief, CSOC). Administration of CSOC personnel is the responsibility of the unit of assignment.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

b. The 6993 Electronic Security Squadron is under the command control of the Commander, 6960 ESW, and the US Army Field Station, San Antonio, is under the command control of the Commander, CONUS MI Group.

c. Administrative and troop command functions outside the operations area will be inspected by respective service Inspector General (IG) teams. The Operations function will be inspected by IG representatives from USAINSCOM and ESC utilizing the CSOC Management Inspection Guide. This guide will be issued by the Chief, CSOC, and will be subject to post publication review by both commands. Direct coordination of IG inspections between staff counterparts and the CSOC is authorized. Other inspections, major staff visit teams, and manpower surveys will contain representatives from both commands, whenever possible.

d. Effectiveness/evaluation report authority and responsibility for personnel of the 6993 Electronic Security Squadron and USA Field Station, San Antonio, will rest with the immediate supervisor, regardless of service involved. CSOC supervisory personnel will submit AF Forms 77a, as applicable. CSOC management personnel will assume full operational control of personnel assigned duty within the CSOC.

e. Fulfillment of the final security clearance requirement is the responsibility of the parent service. Personnel will not be assigned to duty within the Consolidated Security Operations Center until they possess a final security clearance. USAINSCOM personnel will be certified by the US Army Field Station Commander to the 6960 Security Police Squadron, which will issue ESC restricted area badges, accordingly.

2. Manpower and Organization. (C)

a. The Consolidated Security Operations Center will be manned according to the manning authorization documents of the participating units. Spaces authorized by those documents for utilization within the CSOC will be developed through the process of Joint ESC/USAINSCOM management engineering surveys. All changes affecting total CSOC spaces will be coordinated between Headquarters USAINSCOM and Headquarters ESC. Exclusive of the positions specified herein, individual assignments within the CSOC will be made by the Director of Operations according to pertinent service regulations and after coordination with supporting unit commanders.

b. (C) Consolidated Security Operations Center management authorizations and responsibilities are as follows:

(1)(b) Director of Operations - Army Lieutenant Colonel.
Responsible for the proper operation and supervision of all CSOC cryptologic operations.

(2)(b) Deputy Director of Operations - Air Force Civilian.
Assists the Director of Operations and assumes the responsibilities and

functions of the Director during periods when the Director is absent from the station.

(3)(u) Chief, Production Division - Air Force Major. Responsible for all flight (watch) recovery operations.

(4)(u) Deputy Chief, Production - Army Civilian. Acts as full assistant to Chief of Production.

(5)(u) Chief, [REDACTED] - Army Major. [REDACTED]

(6)(u) Deputy Chief, [REDACTED] Air Force Captain. Acts as full assistant to the [REDACTED]

(7)(u) Chief, Mission Management Division - Army Civilian. Responsible for resource management tasking and evaluation of the station mission activities.

(8)(u) Chief, Tape Management Division - Army Civilian. Responsible for [REDACTED] Tape Library, Tape Laboratory and all magnetic tape logistics management functions in support of [REDACTED]

(9)(u) Chief, Operations Training and Support Division - Air Force Captain. Responsible for operations training and other training-related functions as required in direct support of the operational mission.

(10)(u) Flight (Watch) Officer - Each flight (watch) will be headed by a captain authorization. Each officer will head a flight (watch)

[REDACTED] The flight (watch) will perform all functions necessary in response to specific mission tasks/objectives issued by the mission management function.

(11)(u) Flight (Watch) Mission Supervisors - Each flight (watch) mission supervisor manpower authorization is an E-8. Air Force E-8 authorizations will be assigned to a flight (watch) headed by an Army Captain authorization and Army E-8 authorizations will be assigned to a flight (watch) headed by an Air Force Captain.

3.(u) Logistics and Administrative Support.

a. Logistics support for the operational command will be provided by ESC.

INTERSERVICE LOGISTICS AND ADMINISTRATIVE SUPPORT

BETWEEN

6960 ELECTRONIC SECURITY WING

AND

UNITED STATES ARMY FIELD STATION, SAN ANTONIO

This agreement between the Electronic Security Wing and the United States Army Field Station becomes effective on the date of official acceptance as indicated by the signatures of the approving authorities.

Authority to approve this agreement on behalf of the United States Air Force is vested in the Commander, Electronic Security Command, and on behalf of the United States Army, in the Commander, United States Army Intelligence and Security Command (INSCOM).

I. OBJECTIVE.

The objective of this agreement is to provide, within capabilities, for the logistics and administrative support of INSCOM activities quartered in the Electronic Security Command area of Kelly Air Force Base under the sponsorship of the HQ ESC, consistent with the achievement of maximum economics. As the 6960 ESW is a tenant unit on Kelly Air Force Base, this agreement includes certain support to be provided the INSCOM unit through the channel of the 6960 ESW by Kelly Air Force Base. In such instances, the support will also be reflected in general terms in the support agreement to be executed with Kelly Air Force Base, and any reimbursement involved will be to that command.

III. DEFINITIONS.

1. HOST: 6960 ESW. The activity coordinating the ISSA to provide material, services, or other support to another activity through HQ ESC and colocated units.
2. TENANT: USA Field Station San Antonio. Generally the activity receiving material, services, or other support from another activity; hereafter in this document the term "TENANT" shall mean USA Field Station San Antonio.
3. COMMON SERVICES: Non-reimbursable support. Support performed by one activity for another activity for which reimbursement is not required from the activity receiving the support.
4. CROSS SERVICE: Reimbursable support. Support performed by one activity for another activity for which payment is required from the activity receiving the support.

IV. FUNDING AND REIMBURSEMENT ARRANGEMENT.

1. At the beginning of each fiscal year quarter a DD Form 442 will be submitted to the Air Force for the purpose of certifying fund availability and recording of a reimbursable work order in the estimated quarterly dollar amount of anticipated services. Where feasible, contracts and other funded documents will be prepared on a direct fund citation basis vice reimbursable work order procedures.
2. SF 1080 with supporting documents will be submitted to the Commander USAFS, San Antonio, for certification, and then to Finance and Accounting Activity (FAA), Headquarters, US Army Intelligence and Security Command, Arlington Hall Station, Arlington, Virginia 22212.
3. Interservice support shall be in accordance with Chapter 1, DoD 4000.19.M.
4. Billings with supporting documents for appropriate reimbursable expenses for 6960 ESW will be rendered by the Host to the Tenant. Billing will be in accordance with DoD procedures.

V. COMMAND.

1. Command of USAFS San Antonio and personnel assigned remains with the Commander, INSCOM, and Department of Army.

2. The Commander, USAFS SA will: a. have sole disapproval authority for INSCOM personnel under his cognizance with regards to requests for commuted rations and vacating government quarters to live on the civilian economy; b. ensure that basic allowance for subsistence authorizations conform to Kelly AFB policy in compliance with Paragraph 30111 (c) and (d) DOD Pay Manual.

VI. EXECUTION

1. The primary mission of USAFS San Antonio, will receive equal priority with the Host's primary mission in terms of all categories of support. This will be construed to provide administrative and logistic support to INSCOM personnel assigned to USAFS San Antonio on a basis equitable to that provided troops assigned to the Host.

2. The terms of this agreement will be effective when signed at the local level subject to approval, modification, and addition by higher authority. This agreement shall be in effect for six years. It will be reviewed biennially, beginning with a formal meeting between 6960 ESW and USAFS San Antonio, not less than 60 days prior to the anniversary of its effective date. See DCD 4000.19M, Chapter III, for procedures for reviewing, revising, modifying or cancelling agreements.

VII. PROVISIONS.

1. This agreement is developed under the authority of DCD 4000.19M to support the USAFS San Antonio at Kelly AFB. Cost account codes will be established as necessary for reimbursement of services provided in accordance with the provision of this agreement.

2. All charges for cross-servicing will be based on current catalog, contractual, or direct cost according to AFM 172-1, Volume 1, and AFR 172-3.

3. The support to be provided by the Host will be limited to those facilities, equipment, and manpower that can be made available to the Tenant without degradation of the Air Force mission or support posture.

4. The Tenant will program and coordinate with the Host before changing requirements, making unit moves, or personnel strength changes which may affect the support mission of the Host.

5. The Tenant is entitled to vote on the 6960 ESW advisory boards, councils, planning boards, and similar groups whose functions affect the operational mission and welfare of personnel and assigned units. Representation of the Central Base Fund Council will be according to AFR 34-3, Volume III, Ch 2.

6. Under normal conditions, either party may terminate the agreement prior to the established termination date by giving at least 180 days written notice to the other party. In the event of termination by the Host, the Host will make every effort to assist the Tenant in finding suitable support.

7. In case of mobilization or other emergency, this agreement will not be terminated when such action would impair the operational mission of the Tenant.

8. INSCOM OPLAN 1-82 for contingency planning purposes: Upon execution of this plan, Field Station San Antonio assigned/attached personnel will vary depending on incoming TDY personnel. The category of support will be supply and administrative support.

9. The Host will furnish the Tenant the following support on a reimbursable/non-reimbursable basis, as indicated, according to applicable DoD directives including references specified in paragraph II above and with the terms of this agreement.

APPENDIX C

MEMORANDUM OF UNDERSTANDING
BETWEEN
6993 ELECTRONIC SECURITY SQUADRON AND
US ARMY FIELD STATION, SAN ANTONIO (USAFSSA)

I. PURPOSE.

The purpose of this memorandum is to ensure an equitable system exists for office occupation space and for the sanitation and cleanliness of common use areas in Building 310, Medina Annex by personnel of US Army Field Station, San Antonio (USAFSSA) and 6993 ESS.

II. BACKGROUND.

Areas to be occupied by USAFSSA were at one time occupied by 6948 ESS, who shared the responsibility for these duties.

III. GOVERNING POLICY.

It is agreed by the Commander of USAFSSA and the Commander of 6993 ESS that the respective occupied areas will be kept clean at all times and that facilities inspections will be conducted periodically by respective commanders.

IV. RESPONSIBILITIES.

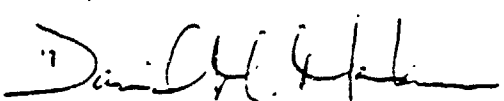

a. USAFSSA personnel will occupy the entire first floor of Bldg 310 and maintain this area; excluding the female's latrine (Room 101A), which is a joint responsibility between 6993 ESS and USAFSSA.

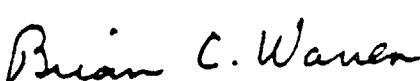

b. 6993 ESS is responsible for the second floor of Bldg 310, except rooms 201, 202, and 206 which are the responsibility of USAFSSA and Room 203 (men's latrine) which is a joint responsibility of 6993 ESS and USAFSSA.

c. The mowing of grass, general clean up of 6993 ESS and USAFSSA will be completed by a rotating basis to be decided upon by the Building Custodian (6993 ESS) and the Alternate Building Custodian (USAFSSA).

V. IMPLEMENTATION AND REVIEW.

The effective date of this agreement is 4 Sep 1985 and will be reviewed upon change of command. Amendments must be made in writing to the Commander of 6993 ESS and USAFSSA Commander. This MOU may be terminated at the request of either signatory provided that at least 90 days notice of intent to terminate is given to the other party.

Subject: Host Tenant Support Agreement (HTSA) - 6960 ESW and AFMTC (Lackland)

1. Based on conversation with Ms Mills (Lackland HTSA Manager), a support agreement is not needed with Lackland and the USAFSSA because the Army Field Station is covered in the agreement between the 6960 ESW and AFMTC.
2. The Host (AFMTC) responsibilities were reviewed and determined to be adequate and no revision required. Most revisions will occur during scheduled reviews. Some will be initiated when the need arises.
3. The following is a summary of support that AFMTC provides the 6960 ESW, this agreement is under review.

- a. Ground Safety. Assist the tenant unit in investigating and reporting accidents when requested by the tenant unit.
- b. Administration. Provide applicable base standard directives and blank forms.
- c. Procurement. Provide normal AFR 11-4 support except as defined in Annex B.
- d. Field Maintenance. Performs weapons inspection and repair.
- e. Munitions. Combine tenant's requirements with Host.
- f. Training Aids. Provide support in fabrication of small number of minor items.
- g. COMM ELECT OPR. Furnish emergency circuit restoration to circuits routed through the base facilities.
- h. Supply. Establish organizational code under DFMS 528 for purchase of fuel.
- i. Transportation.
- j. Security Police.
- k. Civil Engineering.

SUBJECT: Host-Tenant Support Agreement between AFMTC/6960 ESW (Your Ltr, 18 Feb 82)

TO: 6923 Support Squadron/LG
San Antonio, TX 78243

1. The attached reaccomplished agreement is a total revision superseding the agreement dated 7 March 1979 and subsequent revisions and reviews. All changes proposed by your activities in the referenced letter, and additional support requested in 6948 ESS/MR letter of 16 March 1982, have been incorporated into the reaccomplished agreement except as follows:

a. FC 42XX, Transportation: Our Chief of Transportation cannot concur with your proposed change regarding assignment of Bldg 210 for exclusive use by the 6948 ESS so long as square footage available to our Vehicle Maintenance function is less than authorized. Use of the facility by the 6948th will continue on a space-available basis.

b. FC 4751, Disaster Preparedness:

(1) We do not concur with the requirement to provide CW training for 6948 ESS personnel whenever their 242X0 authorizations are vacant. To do so would impair our ability to train AFMTC mobility forces.

(2) ATC Supplement 1 to AFR 355-1, paragraph 103e(2) states that tenant units will budget for equipment requirements through their parent command. Consequently, we do not concur with your proposed change regarding budgeting, requisitioning, and maintaining CW defense/constant shelter equipment.

2. Because of the considerable time since review of this agreement was first initiated, all supporting activities were requested to assure that no further changes in the agreement were required. A few minor changes were identified and these, along with all others, are shown by asterisk.

3. If the agreement is acceptable, please obtain signature of your comptroller, coordinating and approving officials, and forward the agreement to HQ ATC/LGXP, Randolph AFB, TX 78150 for final approval, reproduction and distribution.

10 SEP 1982

REF ID: A74001 RURA

SUBJECT: Host-Tenant Support Agreement between AFMTC/6960 ESW (Your Ltr, 18 Feb 82)

TO: 6923 Support Squadron/LG
San Antonio, TX 78243

1. The attached reaccomplished agreement is a total revision superseding the agreement dated 7 March 1979 and subsequent revisions and reviews. All changes proposed by your activities in the referenced letter, and additional support requested in 6948 ESS/MR letter of 16 March 1982, have been incorporated into the reaccomplished agreement except as follows:

a. FC 42XX, Transportation: Our Chief of Transportation cannot concur with your proposed change regarding assignment of Bldg 210 for exclusive use by the 6948 ESS so long as square footage available to our Vehicle Maintenance function is less than authorized. Use of the facility by the 6948th will continue on a space-available basis.

b. FC 4751, Disaster Preparedness:

(1) We do not concur with the requirement to provide CW training for 6948 ESS personnel whenever their 242X0 authorizations are vacant. To do so would impair our ability to train AFMTC mobility forces.

(2) ATC Supplement 1 to AFR 355-1, paragraph 103e(2) states that tenant units will budget for equipment requirements through their parent command. Consequently, we do not concur with your proposed change regarding budgeting, requisitioning, and maintaining CW defense/constant shelter equipment.

2. Because of the considerable time since review of this agreement was first initiated, all supporting activities were requested to assure that no further changes in the agreement were required. A few minor changes were identified and these, along with all others, are shown by asterisk.

3. If the agreement is acceptable, please obtain signature of your comptroller, coordinating and approving officials, and forward the agreement to HQ ATC/LGXP, Randolph AFB, TX 78150 for final approval, reproduction and distribution.

1. The current Intra-Service Support Agreement, ISA, between U.S. Army Field Station San Antonio and HQ Fort Sam Houston was submitted for review/signature to HQ Fort Sam Houston on May 12, 1983. As of the date of this document, no actions have been taken.
2. On this date, I had a conversation with Mrs. Bertie Sciaraffa, Fort Sam Houston Installation Support Coordinator. Mrs. Sciaraffa stated that she was fully aware of the delay of review and stated several reasons for the problem. They are as follows:
 - A. FORCECOM had originally suspended the use of the ISA as a vehicle for unit support.
 - B. At approximately the same time that FORCECOM reversed its decision, a major reorganization of 5th Army took place. The relocation of functions and the re-documentation of organizational responsibilities all but terminated ISA actions.
 - C. Mrs. Sciaraffa, until very recently was the only person, a one person office, available for ISA review and signature.
 - D. Mrs. Sciaraffa is again working on the ISA issue based upon a priority scheme which is based upon degree of difficulty of ISA factors. Field Station San Antonio does not represent a high degree of difficulty, therefore, FSA is low on the priority list.
3. It should be noted that Fort Sam Houston is honoring its obligations under the proposed ISA based upon requirements listed in AR 5-9 and AR 37-49. Specific ISA requirements have not become an issue.
4. No date is currently available for the final disposition of this ISA.

SUBJECT: Intraservice Support Agreement

Commander,
USA Field Station,
San Antonio, Texas 78243

1. Revised US Army Forces Command (FORSCOM) policy guidance regarding documentation of intraservice support provides latitude through which all intraservice support may now be documented on the DD Form 1144, Support Agreements. This policy reversal was precipitated both by a recent DOD decision to include intraservicing under the Defense Retail Interservice Support (DRIS) umbrella and by continuing evidence that such documentation is needed at the installation level.
2. In the Fall of 1982, the Defense Logistics Service Center (DLSC) began accepting intraservice agreements into their data bank, providing a media for visibility at the DOD level of this vital program. With this development came the realization that submission of less than total documentation (both reimbursable and non-reimbursable support) would not adequately represent the extensive intraservice activity within our operations.
3. To comply with submission requirements and to assure maximum representation, it is incumbent upon us to document intraservicing as consistently and comprehensively as possible. Toward such a goal, a draft form and overprinted DD Form 1144 have been developed with the intention of listing all conceivable support that may be provided by FSH to an Army tenant/satellite. The concept is to have an established checklist corresponding to our FSH Regulation 10-1, Organization and Functions. This has further been individualized by appropriate entries for your activity.
4. To facilitate this documentation, request your review of the inclosed proposed agreement and completion of the following:
 - a. Blocks 5a, 5b, and 5c.
 - b. Block 10 (page 2) - Mission Statement.
 - c. Block 10 (page 3) - Strength of your activity.
 - d. Attachment One:
 - (1) Using only the "yes" column, indicate by a single asterisk (*), that support provided exclusively by FSH in accordance with normal operating procedures and by double asterisk (**), that support provided by FSH with exceptions.

B. FUNDING AND REIMBURSEMENT ARRANGEMENT (Include all details concerning billing/reimbursement procedures, funding limitations, and the appropriate "billing/submit thru" addresses. Also list those references which specifically apply to the type of organization being supported.)

This intraservice support agreement documents support provided under the authority and provisions of AR 5-8, AR 5-9, AR 37-49 and pertinent functional regulations. Normally, base operations support will be non-reimbursable. The Receiver will provide necessary budget feeder information to the Supplier in sufficient time and detail to permit the required support to be included in the appropriate FORSCOM budget as financed or unfinanced. Under the following circumstances, base operations support will be furnished on a reimbursable basis only: a) requirements not submitted in sufficient time or detail to be included in Supplier Command Operating Budget; b) unfinanced requirements included in FORSCOM budget but not recognized by DA; c) unfinanced requirements submitted by Supplier but not recognized by FORSCOM.

DD Form 1144 - continued

Block 10 - continued

SPECIFIC PROVISIONS:

The support provided will be as specifically identified in Attachment One, which is incorporated as an integral part of this agreement. Support not identified as being provided by the Supplier will be and will remain the responsibility of the Receiver.

Attachment One is an approved form which lists all conceivable support within Fort Sam Houston's capability/responsibility, aligned with Fort Sam Houston Regulation 10-1, Organization and Functions. The first column of this form identifies the Department of Defense Code and functional category (DOD 4000.19-M). The second column identifies the pertinent paragraph in FSH 10-1 and the responsible Fort Sam Houston staff office. The third column is marked in accordance with support provision and the fourth column reflects estimated annual cost and reimbursability.

This form (Attachment One) has been individualized to reflect those categories of support provided to the Receiver. An asterisk in column three indicates that support is provided as listed in FSH 10-1. A double-asterisk indicates exceptional provisions which may be specified in Attachment Two. A Civilian Personnel Servicing Agreement and a COMPACT Support Agreement, if applicable, may be appended as Attachments Three and Four, respectively.

SUPPLEMENT TO MASTER CIVILIAN PERSONNEL SERVICING AGREEMENT

BETWEEN

U.S. ARMY INTELLIGENCE AND SECURITY COMMAND (USAINSCOM)

AND

U.S. ARMY FORCES COMMAND (FORSCOM)

1. The Commander, Fort Sam Houston, Fort Sam Houston, Texas, hereinafter called the Servicing Activity, agrees to furnish civilian personnel services as provided herein to the Commander, U.S. Army Field Station San Antonio, San Antonio, Texas, hereinafter called the Serviced Activity.

2. The Serviced Activity Commander, having received delegation of authority for civilian personnel management from Headquarters, USAINSCOM, designates the Servicing Activity Civilian Personnel Officer to "act for" him in the administration of the civilian personnel management program for the Serviced Activity. This designation covers a wide range of civilian personnel management functions of which the following are examples: job evaluation and classification, pay and entitlement determinations, authentication of personnel actions, and administration of programs dealing with civilian recruitment, employee benefits, management-employee relations, and civilian training. The Civilian Personnel Officer is authorized to extend appropriate portions of this designation to members of his staff having functional responsibilities.

3. The Civilian Personnel Officer will administer the civilian personnel program for the Serviced Activity in accordance with the current USAINSCOM-USAFORSCOM Master Civilian Personnel Servicing Agreement, as supplemented by this document, and will adhere to the policies, regulations, and procedures of the Department of the Army. Servicing will follow the master agreement and the standard practices outlined in Civilian Personnel Regulation 200, Chapter 254.2-5 except as modified or expanded below:

a. Incentive Awards. The guidance contained in USAINSCOM letter dated 16 January 1984, subject: Cash Awards for General Schedule and Federal Wage Scale Employees, and the 13 January policy issuance titled USAINSCOM Policy and Procedures for GPAS Cash Awards, will serve as the basis for the Civilian Personnel Office's administration of the Serviced Activity's awards program until the MACOM instructions are superseded or overtaken by program evolution.

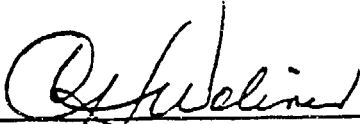

b. Training and Development. Training of Serviced Activity employees by, in, or through nongovernment facilities will be approved by the Servicing Activity Civilian Personnel Officer for the Serviced Activity Commander to assure legal and regulatory compliance.

c. Equal Employment Opportunity (EEO). The HQ, Fort Sam Houston EEO Officer (FSH EEOO) will provide EEO services and support to the Serviced Activity. The Serviced Activity will not be required to appoint an EEO Counselor. The services of any EEO Counselor reporting to the FSH EEOO will be available to employees of the Serviced Activity.

d. Reduction in Force (RIF). Civilian employees of the Serviced Activity will be together in a RIF competitive area that is separate from all other competitive areas administered by the Servicing Civilian Personnel Officer.

e. Mobilization Planning. The Serviced Activity will keep the Servicing Civilian Personnel Officer supplied with a current mobilization TDA and will participate as needed in projects to update the list of Serviced Activity civilian employees who are retired military with "hip pocket" orders or who are members of the ready-reserve/National Guard.

US ARMY FORCES COMMAND (FORSCOM)

1. Commanders of USAINSCOM activities, hereinafter called Serviced Activities, not having an operating civilian personnel office may request civilian personnel service from US Army Forces Command activities, hereinafter called Servicing Activities, with an operating civilian personnel office, when the location or or operational consideration of the requesting commander make such servicing agreements advantageous to the Department of the Army. It is agreed that upon request, civilian personnel services will be provided by FORSCOM activities. Services provided will be administered in accordance with CPR 200, Chapter 254, this agreement, and all other applicable statutes, rules, and regulations subject to any limitations as may be mutually agreed upon by the local Serviced and Servicing Commanders and cited in the locally prepared supplement to this agreement, copy of which will be forwarded to the major Army commanders involved.

2. The Serviced Activity Commander, having delegated appointing authority, will designate the servicing Civilian Personnel Officer to "act for" him/her in the administration of the civilian personnel management program. This designation does not reduce the authority and responsibility of the Serviced Commander for the effective management and direction of employees under his/her jurisdiction. The designated Civilian Personnel Officer will be accorded full membership on the Serviced Commander's staff.

3. Servicing will be in accordance with the standard practices outlined in CPR 200, Chapter 254.2-5, except as modified below.

a. Incentive Awards: Recommendations for Serviced Activity's GPAS and Merit Pay cash awards exceeding \$3,000 will be forwarded to HQ USAINSCOM, ATTN: IAPER-CP for review by the Command's Incentive Awards Committee and approval by the Commanding General or his/her designee.

b. Position Management and Classification:

(1) Prior approval of the Position Management Officer, HQ USAINSCOM, will be obtained before the establishment of, or recruitment for, senior level position(s) at grades GM/GS-13 or above to insure consistency with command policy, initiative, and controls.

(2) Prior approval of the Position Management Officer, HQ USAINSCOM, will be obtained before the establishment of any position(s) which would result in exceeding the average grade limits or other classification ceilings and programs imposed by the Commander, USAINSCOM for Serviced Activity.

(3) When the Commander, Serviced Activity, determines that an SI/TS clearance is required to audit his/her activity's positions, the Servicing Activity will obtain the SI/TS clearance for the servicing Position Classification Specialist and the incumbent will maintain eligibility for sensitive compartmented information per DCID 1/14.

c. Training and Development: Training in excess of 120 consecutive calendar days must have prior approval of HQ USAINSCOM.

d. Labor Relations: Serviced Activity is exempt from the Federal Labor Relations Program in accordance with Executive Order 12171, Exclusions from the Federal Labor-Management Relations Program, 19 November 1979.

e. Reduction-in-Force: Competitive area for reduction-in-force purpose is restricted to the Serviced Activity for authorized Department of the Army civilians.

f. Reports:

(1) DA Forms 1346 and 1346-1, with required supplements, will be submitted semiannually to HQDA with a courtesy copy to HQ USAINSCOM, ATTN: IAPER-CP.

(2) DA Form 3250 will be submitted in accordance with CPR 200, Chapter 292.B to HQ, USAINSCOM, ATTN: IAPER-CP.

(3) The Servicing Activity will insure proper input and update of personnel records in CIVPERSINS, Defense Intelligence Special Career Automated System (DISCAS) and the OPM Central Personnel Data File (CPDF), as required by governing OPM, DOD and DA regulations.

(4) Other program evaluations and special reports concerning the Serviced Activity will be submitted upon request or as received or prepared by the Servicing Activity. This includes, but is not limited to, that portion of the annual Civilian Personnel Management Special Reporting Requirements, RCS CSGPA-663(R4), pertaining to the Serviced Activity.

g. Publication of Policies and Procedures: Serviced Activity will insure that copies of civilian personnel management regulation, directives, and guidance issued by HQ USAINSCOM are provided to Servicing Activity promptly.

h. Career Programs: The Servicing Activities will insure proper input and update of personnel records in CIVPERSINS, Defense Intelligence Special Career Automated System (DISCAS) and the OPM Central Personnel Data File (CPDF), as required by governing Office of Personnel Management, DOD and DA regulations.

i. Official Personnel Folders: These files will be maintained in a secure manner and accessible to those Civilian Personnel Office employees with authorized access and need to know.

4. Servicing for the Equal Employment Opportunity Program will be in accordance with CPR 713, unless reflected in supplemental agreements.

5. This agreement becomes effective upon MACOM approval. It will be reviewed annually.

APPENDIX K

Transfer of SSO Responsibilities

Staff Study

Prepared by the USAFSSA, S2 Office

10 June 1986

DEPARTMENT OF THE ARMY
HEADQUARTERS, U.S. ARMY FIELD STATION
SAN ANTONIO, TEXAS 78243

IAS-SA-CDR

09 June 1986

SUBJECT: Transfer of Special Security Responsibilities

Commander
CONUS MI Group
Fort George G. Meade, MD 20755

1. I recommend that the Special Security Responsibilities for United States Army Field Station San Antonio be transferred from Special Security Office, Fort Sam Houston, TX to the Air Force Special Security Office, Headquarters, Electronic Security Command.
2. The attached Staff Study, conducted by the Field Station San Antonio S2, indicates that substantial savings in man-hours and expense would result from the requested transfer. Through elimination of duplicate efforts and the expansion of technical resources available, this transfer would greatly enhance the production and effectiveness of Field Station San Antonio. Additionally, this transfer would expedite all SCI security actions that are common between the Air Force's 6960TH Electronic Security Wing and this unit, thus creating a closer cooperative working environment.
3. Request favorable consideration of this action. All efforts to expedite this transfer will be greatly appreciated.

SUBJECT: Transfer of Special Security Responsibilities

1. PROBLEM. To determine whether Special Security Support for United States Army Field Station San Antonio should be transferred from Special Security Office, Fort Sam Houston to Air Force Special Security Office, Headquarters, United States Air Force, Electronic Security Command (ESC).

2. ASSUMPTIONS.

a. Field Station San Antonio will continue to require Special Security support, due to the nature of it's mission.

b. Demands on Special Security support will continue to grow in direct proportion to the expansion of Field Station San Antonio's mission and personnel allocations.

3. FACTS BEARING ON THE PROBLEM.

a. Special Security Office, Fort Sam Houston is located 40 miles, round trip, from Field Station San Antonio.

b. Air Force Special Security Office, Electronic Security Command is located 10 miles, round trip, from Field Station San Antonio.

c. Field Station San Antonio is a tenant of the Consolidated Security Operations Center (CSOC) on a compound which is controlled by the Electronic Security Command which is responsible for physical security and access control.

d. Expanded assets for intelligence support of the mission of Field Station San Antonio are available through the Headquarters of the Electronic Security Command.

e. Current clearance status of U.S. Army personnel assigned to Field Station San Antonio are maintained by both Special Security Office, Fort Sam Houston and by Headquarters, Electronic Security Command.

f. Headquarters, Electronic Security Command is the badge issuing authority for the Consolidated Security Operations Center (CSOC).

g. Under the current system, security violations involving U.S. Army personnel are reported through both the Air Force and the Army Special Security channels. This creates an enormous duplication of effort and a waste of valuable man-hours.

h. U.S. Army personnel assigned to the Joint Electronic Warfare Center (JEWEC) are supported by the Air Force Special Security system.

SUBJECT: Transfer of Special Security Responsibilities

4. DISCUSSION.

a. Advantages to transferring Special Security responsibilities from the Special Security Office, Fort Sam Houston to the Air Force Special Security Office, Headquarters, Electronic Security Command.

(1) Headquarters, Electronic Security Command would become the recipient of clearance status messages concerning personnel assigned to Field Station San Antonio. This would eliminate the need of duplicate records and of courier runs from Fort Sam Houston to deliver these messages to the Field Station. ESC is the controlling authority for certain special NSA accesses. CSOC personnel are currently briefed by ESC for those accesses, and those special clearances are passed by ESC for TDY trips.

(2) Security violations would be reported through a single Special Security channel, thus eliminating the current duplication of effort and waste of man-hours.

(3) The resources available through Air Force Special Security channels located at Headquarters, Electronic Security Command, would add valuable technical support to the mission performed by Field Station San Antonio.

(4) Courier requirements for SCI material would be lessened as a single courier run from Headquarters, Electronic Security Command could support Field Station San Antonio. This would eliminate the need for the 40 mile round trip courier run to Fort Sam Houston to transport SCI material.

(5) Special Security Office, Fort Sam Houston would no longer be required to maintain a Special Security representative at Field Station San Antonio.

b. Disadvantages to transferring Special Security responsibilities from the Special Security Office, Fort Sam Houston to the Air Force Special Security Office, Headquarters, Electronic Security Command: No distinct disadvantages have been noted at this time.

5. CONCLUSION. For all parties concerned a transfer of Special Security responsibilities from the Special Security Office, Fort Sam Houston to the Air Force Special Security Office, Headquarters, Electronic Security Command would be an operational improvement. It would allow a more cohesive and successful working relationship between Field Station San Antonio and the Air Force Electronic Security Command. This transfer would also benefit Special Security Office, Fort Sam Houston, in that the complications encountered in long distance Special Security support could be eliminated.

6. RECOMMENDATIONS.

a. That the conclusion in paragraph 5 be approved.

SUBJECT: Transfer of Special Security Responsibilities

b. That this study be forwarded through separate command channels to the next higher headquarters, with a request that this action be taken.

c. That this action be expedited and made a priority issue.
